2020 has been a challenging year. Whilst supporting the local market, we have seen longer than normal international lead-times due to fewer ships on the water, causing bottlenecks of containers at most international ports. Airfreight has also been disrupted due to fewer active aircraft, with Australian sourced product affected by the significant reductions in trans-Tasman flights.

Despite these challenges, Power Farming has kept you growing and as we move into spring, we will continue to keep you growing via our local dealer network, in turn supported by our New Zealand owned and operated distribution centre located right here in Aotearoa.

All the very best for spring. Most importantly, keep safe!

BRINGING GLOBAL BRANDS TO YOU

WE HOLD \$50 MILLION
WORTH OF PARTS STOCK
ACROSS NEW ZEALAND & AUSTRALIA

WE MOVE OVER 30,000
ITEMS EACH MONTH
DURING THE MAIN SEASON

WE OWN AND CONTROL ALL PARTS INVENTORY
ACROSS NEW ZEALAND, AUSTRALIA & AMERICA

WE HAVE DISTRIBUTION HUBS IN MORRINSVILLE, CHRISTCHURCH, MELBOURNE, BRISBANE & ATLANTA

DEUTZ-FAHR

**RUBBER MAT**

DF-MAT-LRGE

\$225⁰⁰
+GST

Suitable for **Deutz-Fahr 6, 7, 9 Series** (Maxi Vision Cab) tractors. Does not fit 6G Series.

**GRAMMER MAXIMO® BASIC MECHANICAL SUSPENSION SEAT**

DF-0.900.0842.9/20

In order for a seat with mechanical suspension to be truly comfortable, it must be precisely adjusted to the user's weight. In the Maximo® Basic, this is accomplished with an easy-to-use lever. Ideal for drivers of standard tractors, this seat model comes with suspension travel of 100 mm, a fore/aft isolator, and three-position height adjustment to ensure a comfortable ride.

Was ~~\$1599.95~~ **\$1249⁹⁵**
+GST

GRAMMER MAXIMO® COMFORT AIR SUSPENSION SEAT

DF-0.900.0842.8/20

An integrated 12-volt air compressor makes it extremely easy to adjust the height of the Maximo® Comfort by raising or lowering a lever. Extra-wide, voluminous cushions add to the feeling of comfort while a lumbar support greatly reduces the risk of damage to spinal disks.

Was ~~\$1899.95~~ **\$1499⁹⁵**
+GST

AIR FILTERS

Donaldson Filtration Best Practices

**CLEAN****Pros**

- Cost effective

Cons

- Each time the air intake system is serviced, it is exposed to the chance of introducing contamination
- The filter warranty is no longer valid
- The dirt holding capacity of a filter is reduced 20-40 percent with each cleaning attempt

Note: If you decide to clean and re-use air filter elements, use an approved filter washing service who will warrant their cleaning service.

REPLACE**Pros**

- Manufacturer recommendation for best engine protection
- Maintains manufacturer warranty standards
- Less chance of contamination if manufacturer service schedule is adhered to
- Best engine life and fuel efficiency

Cons

- More expensive than cleaning

Note: By following the manufacturers maintenance schedule, or by restriction measurement, you will get the best out of your filter elements.

DISCLAIMER: Prices are based on recommended retails, exclude GST and are valid to 31 January 2021. Additional freight charges may apply. If in any doubt contact your local dealer for assistance when selecting the correct part for your model and application. Items shown are sample images only.

We have the parts for machines that bear the Kverneland name

Your Power Farming Dealership is there to ensure you are operating at maximum potential by supplying the parts you need.

As Kverneland's official importer to the New Zealand market, Power Farming has direct access to the parts that support all brands within the Kverneland family. To earn the right to bear the Kverneland name, Kverneland parts are manufactured to extremely high standards and specifications. Quality parts will always work and fit as intended and will keep your

machine running at maximum performance. Do not compromise quality with cheap alternative solutions. Remember Original Kverneland parts are the best solution in achieving maximum output from your Kverneland branded investment.

Your Power Farming parts specialist has access to all the Kverneland parts you need so give us a call for more information.

Keeping you growing is in our DNA!
